## How to host your own LIMU EXPERIENCE Party

A **LIMU EXPERIENCE Party** is an easy, casual way for you to share LIMU and help others feel better, look better and live better.

What makes a **LIMU EXPERIENCE** party a shareable experience?

- Simple.
- Fun.
- Effective.

### Plan for it

Pick a date and stick to it. Hold the party whether one person or 20 people show. It shouldn't take more than 30 minutes, tops.

### Invite

Think beyond your friends. Think acquaintances, co-workers, the guy from the coffee shop, the woman at the bus stop always on her cell phone. Think of people who want to experience more. Think of those you'd like to work with every day.

### Follow-up

Send email, call your planned attendees and confirm their attendance at your Experience party. Give them a reason to be there. Make them believe this party is more important than anything else they'd do that night.

## Prepare

Clean the house. Dress it up a bit. You don't need decorations and streamers. Do make certain you have plenty of LIMU ORIGINAL® on hand!

## Be the host

Invite people in. Make them comfortable. Get them talking; ask them about their lives and find ways to relate. Be yourself! Above all, share your LIMU EXPERIENCE and invite others to do so.

### Sample Agenda

- Welcome remarks
- Show the LIMU EXPERIENCE DVD
- Invite others to have a taste
- Share your personal LIMU EXPERIENCE, whatever it is
- Invite others to have their own LIMU EXPERIENCE

## Sign-up

Invite those who haven't had their own LIMU EXPERIENCE yet to sign-up and host a party of their own. That's it!

Anyone can do this ...  
especially you!
